listen to minute .

com education education is one of the most important things in our lives don't you agree it can make the difference between success and failure an education can bring us knowledge and make us rich in rich countries people are lucky to have good schools children start learning from a very young age they can further their education and go to higher education or university in japan there are even private schools for babies to learn english it's a shame that in many rich countries many children don't want to learn perhaps schools need to find better ways to teach so children want to learn it's sad that in many parts of the world children want to learn but can't make sure you never stop learning education is the key to a better future
